Only after you have satisfied yourself as to the nature and extent of the risks involved as a participant in Airsoft should you sign this document. Trespassing charges may be added on top of this action as well.

1. The sport of Airsoft is an inherently dangerous activity. The game involves the use of high powered guns (air rifles) that fire plastic pellets at high velocities. Without adequate protection these pellets could break or penetrate the skin on impact. Should a pellet strike a person in the eyes, ears, nose or any vital area of the body that is not adequately protected, temporary or permanent injury, or in extreme circumstances, death, may occur.
2. Participants play the game on rough and hazardous terrain. This facility takes absolutely no responsibility for the safety of the field. If you play, you are assuming all risks involved and understand that the field is provided in "as is" condition. The risk of injury OR gross negligence on the part of the owner or other participant exists and there remains the risk that a participant could be injured as a result of the hazardous nature of the terrain, the structures, other participants or the nature of the game itself. By signing this waiver OR choosing to participate in ANY EVENT on the property known as "Bad Karma Airsoft Field" all individuals, their guardians or respective representatives knowingly give up and forever abandon any and all attempts at any form of recompensation due to any injury sustained while on the property.
3. The sport of Airsoft involves rigorous and strenuous physical activity on the part of the participant. Accordingly, a person should not participate in the sport if he or she is not in good physical condition, or has any physical or mental illness or handicap which could be worsened by such participation or make the participant more vulnerable to physical injury or death. In some cases, players may be exposed to plants or elements that could cause serious injury as a result of an allergic reaction. By signing this form, you and every legal guardian that can claim you as a dependent or child, or duly appointed representative are attesting to the fact that you are in sufficient medical and physical shape to play the sport on the Bad Karma field.
4. It shall be the responsibility of each participant to obey all rules and utilize all safety equipment at all times. Safety equipment is designed to minimize the risk of injury and/or death, but its proper use does not guarantee that such injury will not occur. This field does not employ the active use of referees or individuals whose duty it is to maintain an active, vigilant watch during play. There is no stated adult supervision on the field at any time. At no time while a participant is on the field is there any stated person other than the participant whose job it is to make sure that all safety rules and regulations are followed. This is the responsibility of the individual playing and absolutely no implications otherwise are being made contrary to that option. By signing this waiver, you and your guardians are stating that you fully understand that the participant and ONLY THE PARTICIPANT is responsible for their safety while on this property.
